product guide

Our main objective is to continue to improve and impress! We believe in strong design and good practice but overall we believe in service and trust. It is with this in mind that we have created this collection of seating; comprehensive, fresh, affordable and reliable.

We are very proud to introduce our new and exciting collection of contract seating. We look forward to working with you.

best of british!

One of our core beliefs at Discount Office Furniture has always been to source our materials and components from the UK wherever possible. Not only do we believe in the quality products from our supply chain, whether that be our chair bases manufactured in the Northwest or our fabrics manufactured in Yorkshire, our foams and wooden frames are manufactured in the Black Country. The ease of supply and close partnerships we have developed allow us to reduce our carbon footprint whilst offering British built products together with a service of which we are extremely proud.
